1. CDJ-3000 (Preferred - Linked)
2. CDJ-2000NXS2 (Linked)
3. CDJ-2000NXS (Linked)

Preferred All-In-One Controllers (when CDJs are unavailable)

1. XDJ-AZ (Preferred - Linked) - Ensure latest firmware is installed.
2. XDJ-XZ (Linked) - Firmware 1.26 or newer required.
3. XDJ-RX3

Preferred Mixers (fully linked)

1. DJM-2000NXS (Preferred - Linked)
2. DJM-900NXS2
3. DJM-900NXS

Booth Monitor Requirements

- 2 high-quality booth monitors
- Both connected to booth outputs (left & right)
- Position at ear level, angled toward performance area

Additional Requirements & Notes

- All equipment must be fully functional and in excellent condition
- All linking and setup must be tested before performance
- Any equipment substitutions must be pre-approved by Tony Nova's team

Optional (but appreciated)

- Sturdy performance table (no wobble)
- Adequate space for laptop, drinks, and personal gear
- Clean power with surge protection
